Mckenzie, John Joseph (Professor of pathology) Sept. 1919 - June 1920 (044)

University of Toronto
TORONTO, CANADA
DEPARTMENT OF PATHOLOGY AND BACTERIOLOGY

757

September 5th, 1919.

The President,

University of Toronto.

Dear Mr. President:-

When I returned from my holidays I found that Dr. Detweiler had been dropped from the staff in Pathology and Bacteriology and consequently received no salary for the months of July and August. He, however, had been doing the work as no one had been appointed to take his place, and I beg to recommend that he be paid for these two months.

To succeed Dr. Detweiler, I should like to recommend the appointment of H.B.Maitland, M.B., who was Fellow in Bacteriology during the session 1916-17 and who then went across to England, joining the Navy, and has been ever since doing laboratory work at the Royal Naval Hospital, Haslar. As Dr. Maitland is still somewhat inexperienced in teaching, I would suggest that instead of the sum of $2500, which is set aside in the estimates for the lectureship, he should be paid the sum of $1500. He intends going in for academic work and it is possible he might fill the post permanently, but I would prefer to withhold decision in that matter until he has been tried.

I also recommend for appointment Miss Mary Cowan as Fellow in Bacteriology.

I have not arranged the renominations for assistant demonstrators but will let you have them before the next meeting of the Board of Governors.

I remain,

Yours sincerely,

J. J. Mackenzie

Professor of Pathology & Bacteriology.

October 6th, 1919.

The President,

University of Toronto.

Dear Mr. President:-

I beg to make the following additional recommendations for appointments in my Department:-

		$
Demonstrator in Pathology and Assistant Curator of Pathological Museum	Dr. W.L.Robinson	150
Demonstrator of Clinical Microscopy	Dr. G.W.Lougheed	250.
Demonstrators in Pathology	Dr. R.R.Graham	100.
	Dr. H.W.Baker	100.
	Dr. I.H.Erb	50
	Dr. A.B.Le Mesurier	50
	Miss M.L.Wessels.	100.

Dr. Robinson is to be paid $150.00 ; Dr. Lougheed $250.00. Dr. R.R.Graham and Dr. Baker acted as demonstrators before going to the war so the Bursar will know exactly what they were paid and they are entitled to $50.00 increase if they have not reached the maximum. Dr. Erb and Dr. Le Mesurier are new appointments at $50.00 each. Miss Wessels acted as demonstrator last year at $50.00 and should receive $100.00 this year.

$50 each

I wish also to give you the details in regard to Dr. H. K. Detweiler. I neglected to nominate Dr. Detweiler as Lecturer in my letter in the spring but he continued to act

in charge of Bacteriology until September 1st, when Dr. Maitland was appointed. This meant a complete supervision in the carrying on of the work in the bacteriological laboratory for July and August. I should recommend therefore that he be appointed and paid for these two months at the same monthly salary that he received during the previous year and which is charged in the item "Assistant Professor" in my estimates for salaries.

$158.33 per mo.
$316.66 for July & Aug.

I remain,

Sincerely yours,

J. J. Mackenzie

Professor of Pathology & Bacteriology.

June 22nd, 1920.

Sir Robert Falconer,

President,

University of Toronto.

Dear Sir Robert:-

I notified the Bursar that Miss Wessels, who was employed as Assistant under the Special Fund in my Department, left the service on June 1st. I therefore took on Miss M.L. Cowan, who was Fellow in the Department up to the end of May, and asked her to carry on the work until the first of October. Would you kindly have her appointed at the same salary as was paid Miss Wessels, viz., $100 a month.

Sincerely yours,

J. Stewart

Professor of Pathology & Bacteriology.
